US states with telehealth

100%

on the US medical licensing exam

What August does

- **AI health companion.** Free. Reads prescriptions and lab reports, explains medical terms in plain language, and carries a person's history forward.
- **August Care.** A membership with unlimited AI health chat, a telehealth consultation each month, next-day labs, prescriptions within 10 minutes of physician approval, and 12 months of follow-ups. \$39 a month; early members pay \$29.
- **Prescription renewals in Utah.** Approved to pilot AI-assisted renewals for adults on stable treatment, with a licensed clinician reviewing every decision at launch.

Care and safety

- Board-certified physicians make every prescription, note and clinical decision
- Identified all 64 emergency cases on the Nature Medicine triage safety benchmark
- HIPAA compliant and SOC 2 secure
- LegitScript-certified

Leadership

- **Anuruddh Mishra**, Founder and CEO
- **Dr. Trushar Dungarani**, Chief Clinical Officer
